THE PRESIDENT'S MESSAGE

Our young adult membership has grown considerably during the last two years. They have now become an integral part of our community theatre. For this, our second teenage production in as many seasons, they have actively participated in the production staff as well as acting in the performance we hope you will enjoy to-night. They are rapidly approaching the time when they will be able to take on the task of staging a production entirely on their own.

Some of our young adults will be appearing for the first time in a three-act play and they are now aware of the hard work required to achieve the desired result. Part of the mixture, in fact a very important ingredient needed for an enjoyable theatrical evening is a satisfied audience and it is our wish that each and every one of you sit back and enjoy yourselves.

Jim MacIntosh

for your diary . . .

April 5, 6, 8 — Performance of
HALF WAY UP A TREE by Peter Ustinov
